

06/07/2011

Dear Customer and Partner,

Devoteam has undergone an internal rebrand which will be publically launched on the **4<sup>th</sup> of July 2011**. Devoteam's ambitious growth has resulted in the formation of many Devoteam locations around EMEA, each with a unique brand identity associated to its former self. This rebrand will result in a unified brand across all of our offices, easily recognizable to the global market.

Please be advised that **the Devoteam legal registered name will remain the same, there will only be a change in our logo**. The new logo has been redesigned to incorporate our 3 specialist business lines: **Consulting, Solutions and Expertise**.

#### **Devoteam Consulting**

Our Consulting services range from idea and high level business advice through choice of technology solutions to organisational IT centric transformation implementations and change in large & complex IT projects.

#### **Devoteam Solutions**

Our Solutions teams have the skills, experience and methodologies to deliver large and complex IT implementations across a range of technologies.

#### **Devoteam Expertise**

Our Expertise of IT specialists are available for hire on-demand, accessible through a consulting service, providing our clients with highly specialised subject matter experts both locally and across EMEA.

We are very excited about our new logo and are very proud to introduce you to the new face of Devoteam.

Thanks and best regards

**Devoteam Management**
